

# Lifestyle Questionnaire

Dog's Name \_\_\_\_\_

Veterinarians make vaccination recommendations based on many factors, including the age and the lifestyle of a dog. Below are common lifestyle risk factors that will help us determine which vaccines are appropriate for your dog. There are also questions to determine the best time for spay or neutering.

How old is your dog? \_\_\_\_\_

Please check all that apply to your dog:

- Will have close contact with other dogs
- Enjoys meeting or playing with other dogs
- Will stay in a boarding kennel on occasion
- Spends time or will spend time in doggie daycare
- Attends or will attend or participate in dog shows
- Lives in or travels to an area where tick bites are common
- Live near open space/Briones/Mt. Wanda
- Groomed in a grooming facility
- Visits or will visit dog parks
- Will go hiking/camping/backpacking/hunting
- Spends time in a yard currently or previously used by livestock
- Spends time in an environment with a high population of vermin
- Swims or wades in fresh water rivers or lakes
- Drinks from fresh water rivers, lakes or puddles
- Walks or lays on soil where wildlife/livestock could have urinated
- Any wild animals (raccoons, skunks, opossums, coyotes, turkeys) have access to front/backyard
- Enjoys being a couch potato

Is your dog a purebred? Yes\_\_\_\_\_No\_\_\_\_\_

Do you plan on breeding your dog? Yes\_\_\_\_\_No\_\_\_\_\_

Is your dog spayed or neutered? Yes\_\_\_\_\_No\_\_\_\_\_

Please list any special activities you will be doing with your dog:
